We found a beautiful spot a year and a half ago with old growth trees, mature gardens and a wonderful view. The pandemic kept us home however because we remodeled our new home it was great we couldn't travel. We're within minutes from my daughters & their kiddos and my niece Darcie & her husband. Kirk has family in the area also so we are very lucky to see family often. We're blessed to have good health and an enjoyable life. Looking forward to catching up with classmates!
