A look back at the class of '66

When the Statler Brothers sang about the "Class of '57," it was a time of reflection on dreams and the season of one's life.

The same was true this past weekend as more than 100 folks gathered in Clovis from 13 states to celebrate the 50-year reunion of Clovis High School's Class of 1966.

The event happened to be in conjunction with the Clovis Music Festival as well as Clovis High School's football homecoming game and ceremony. It was all part of the plan, reunion committee members said, but that didn't mean it was easy.

"We started working on it back in March," said William M. "Bill" Coleman, one of the event coordinators on the reunion committee, who lives in Dallas.

"It was a six-month project. People were from all four different directions. It was hard to track them down. Some we couldn't find. We ended up using e-mail, Facebook, snail mail, phone calls and word-of-mouth. For some of them, this was their first reunion in 50 years.

We've already lost a lot of our class.
